COURIER SERVICES

Econo-Courier was established in 1972 with the primary goal of providing very reliable, very economical, very fast deliveries. Econo-Courier has never lost sight of this goal. We are always focusing on providing our clients and their partners with the very best service at affordable prices.

We will provide you customized services, each order is tailored to your individual needs every time you place an order for delivery. This flexibility ensures that you will be provided with highly reliable and innovative solutions to meet your needs and your clients' demands.

A direct delivery, a same day delivery or a more economical next day delivery will ensure that the delivery is made within your time and budgetary requirements. The flexibility of our services provides to you savings based on your needs.

EXPEDITED LESS THAN TRUCK LOAD (LTL)

Having established ourselves as a premier courier company in the 1970's, Econo-Courier grew its courier delivery service to include larger deliveries. We handle each of these deliveries as if they were small packages to be "hand delivered" to your client, whether it is to the loading dock, inside a building or to a job site.

We are able to save you time by using the same direct service approach we use with our courier services with our fleet of straight trucks. By going direct we ensure to minimize the handling of your goods reducing the possibilities of damage or misrouting in transit.

Our fleet of trucks has the necessary equipment to secure the load in transit, as well as deliver it to your clients. Trucks equipped with lift gates are available at no additional charge upon your request. Using the most modern communications devices available, Econo-Courier has been able to provide time sensitive and time certain deliveries with the larger freight.

TRUCKLOAD (TRACTOR TRAILER SERVICE)

The continuing growth of our expedited LTL and the growth of our clients and the size of their shipments led us to expand to full truck load services. Our expertise on expedited service combined with the knowledge on larger freight handling allows us to provide to you the delivery of your largest loads to your clients and vendors the same day, or at a time certain date.

The trailer services are designed with the same courier standards that all of our other services are based on. We have the ability and resources to deliver to you an empty trailer to be loaded while we are there and then make the delivery directly, or to drop a trailer at your location to be filled as your items are ready, after which you can contact us to arrange a delivery. We offer to you a flexibility of directly delivery or delivery by appointment at no additional charge.

LOGISTICS

The logistics services were developed as a response to our clients' needs of expanding the services we provided to them. Having this in mind we developed a group of logistics services and strategically located our warehouse facilities in a geographic area to take advantage of the highways in the area.

Our warehouse is set to receive and ship any of your materials at a moments notice. We are available to assist you for after hours receiving and shipping in order to meet your timetable for the successful implementation of your clients' requirements.

We have the ability to receive packages, pallets, crates or floor loaded freight. We can ship via our own fleet, our own brokerage or through any of the common carriers that you have already established relationships with.

We can provide the following services: repacking, re-sorting, kitting and or crating your materials as you request. We handle light assembly, bundling, inspection, re-labeling, storage and shipping, all with one place of contact.

We are able to provide you inventory management and on site asset reconciliation with time accurate inventory levels without disrupting you and your staff.

Tell us what you want done we will review it with you. We will keep you updated on the progress of your project and provide you with the bill of ladings, pro numbers and other requested items of proof of shipment/delivery.

MAN-IN-A-VANsm (M.I.V.)

MAN-IN-A-VAN^(sm) - (M.I.V.) Econo-Courier has been providing its M.I.V.sm service for over 25 years. M.I.V.sm is an exceptionally customized service based on long or short term leasing of a complete transportation package totally suited to fit your needs.

It includes a professionally trained driver, properly equipped vehicle, trained backup, professional routing assistance, and the support of the entire Econo-Courier team. This service allows you to have the control of the vehicle and driver without the challenges associated with managing vehicles and drivers.

The aspect of long or short term leasing of the M.I.V.sm based on guaranteed pricing allows you to budget and manage your costs.

The M.I.V.sm services are suited to your vehicle needs employing cars, vans, trucks and tractor trailers. The M.I.V.sm product has been used regionally by hospital laboratories, bakeries, machine shops, paper suppliers, insurance companies, aircraft maintenance contractors, banks, lawyers and corrugated box manufactures just to name a few.
